ANSI Z359.12 Models

Twistlock
KH218TL3

Supersafe
KH218SS3

The Aluminium Wizard is a high strength, light-weight Karabiner. Its shape is designed to bias the load towards the spine- the strongest part of the Karabiner.

The Aluminium Wizard has a blind nose, to help to reduce snagging.

Available in standard (CE & NFPA G) Screwgate, Twistlock & Supersafe models, or ANSI (Z359.12) compliant Twistlock & Supersafe versions.
